

The Construction Groups Market

# MARKETPLACE

Find and connect with the perfect suppliers for your projects.  
Strengthen your business relationships with suppliers.

# Connect with over 100.000 suppliers from Construction Groups

When you're working on projects for Construction Groups.

## There are good reasons to look for new suppliers

- Optimize your studies and purchasing by expanding your supply chain with prequalified suppliers who have proven experience.
- You're unfamiliar with the local area or market.
- You don't know the right specialists or they're not the right size for your needs.
- Your suppliers let you down.

## And even better reasons to optimize your relationship with your regular suppliers:

- Invite your supply chain to relevant purchasing and study processes with a single click, filtered by their scope, activity and size.
- Monitor supplier risks in every purchase at a glance.

# Streamline your procurement and planning processes

## Marketplace connects you with the largest Community of Construction Suppliers

---

### Find suppliers

Easily expand your supply chain with reliable and qualified suppliers.

- Find suppliers by activity, geographic coverage, company size and regulatory compliance status.
- Build or complement your supply chain with suppliers that meet your criteria and help you mitigate risks.
- Get started right away by using the supplier network derived from the CAE processes your company previously managed with us.

### Publish purchases and studies

Easily launch purchases, studies and expressions of interest.

- Create your project and launch all its related purchases, studies, or expressions of interest with ease.
- Invite suppliers from your supply chain or discover new ones that match your criteria – by activity, scope, size, or compliance.
- Track responses and offers from invited suppliers, and compare them to make better decisions.
- Use your own format to collect offers and responses, so you can integrate them seamlessly into your existing processes and systems.

# Our mission

“

Our mission is to empower our clients to capture and secure new revenue opportunities sustainably, manage risk and regulatory compliance effectively, and improve efficiency and sustainability across the entire supply chain.

We are committed to driving innovation and excellence, ensuring our clients achieve their business goals in an ever-evolving market.

”
